Livestock Market Nears Completion For May 2nd Sale

Glades Livestock Market Meets Milestone in Cattle Industry Here

Construction activity of the Glades Livestock Market, between Pahokee and Belle Glade, is well under way to meet the deadline of first sale scheduled May 2. It is one of the first milestones in the Glades cattle industry.

With completion, vision of Palm Beach County association cattlemen will be realized. The enterprise will mean a big step off traveling and transportation expenses of livestock buyers and sellers in the area, according to George C. Young, general manager.

The cooperative is composed of approximately 25 cattlemen of the area.

Sale day, to be held once a week, is tentatively set for Friday. On sale days a crew of 75 workers will be on duty to add to a professional staff. A caretaker will be on full time duty.

Covering nearly an acre of land, the large wooden structure built for efficiency, is the growth of study of other livestock markets.

The market will provide the only point in central Florida with the exception of the one in Ocala from which cattle can be shipped by rail.

Built to accommodate cattle (Continued on Page 4)

Lions To Announce Roberts Candidacy For District Gov.

Appointment of a campaign manager for the district error election, and induction of new members constituted the chief business at the regular luncheon Wednesday.

The club carried a motion picture, "The Lion's Den," which letters be sent to all other clubs in Zone 38-S, notifying them of this club's intention to nominate Emmet Roberts for district governor. It was also suggested that campaign managers be appointed to aid in Roberts' election.

At this point Jack Johnson (left) and Joe H. W. Dray (right) were officially inducted into the club Wednesday. They were, George Murphy, Vernon Dwyer, James Rice and Donald Galt. Second Vice President Henry Harwood was inducting officer, and briefed the new members on the principles of Lions after presenting their name badges. Lion Pins and membership cards.

During the meeting, a cast of cheer to Lions W. P. Rink, was passed around for everyone to sign. It was announced that the club would leave here last Wednesday afternoon for New Mexico, where it was hoped a change of climate would benefit his health.

PAR-TEE LINE

Brilliant Country Club of the

Match play between sixteen women contestants in the ladies' golf tournament will be played in the next three weeks, according to pro Dave Hunter.

Eight hours in the hands of Mrs. E. M. Van Linder, and Mrs. Jack Thomas.

RED CROSS HELPS 24 FAMILIES FOR TOTAL OF \$1400

Thirty six negro families who lived in the two buildings destroyed by fire last Saturday have benefited thru grants of the Red Cross in the amount of approximately \$1400.

Red clothes, personal wearing apparel, food and temporary lodging account for the items covered by the Red Cross grant. Sunday afternoon 34 families were given temporary food and living quarters for one or two nights, plus some bed clothes.

A fire, such as this, comes under the hand of a disaster and as such is eligible for Red Cross aid.

E. M. Taylor, heading the Red Cross Drive, among negroes points out that in one day more has been given these families than the Belle Glade area, as such is eligible for Red Cross aid.

FFA Club Plans To Camp Near Pahokee

Belle Glade Future Farmers of America are planning a camp trip to Ft. Lauderdale, Fla. on May 2. Prof. Davidson, as teacher, will have charge of the boys and the main activity, of course, will be fishing, outdoor sleeping and cooking.

The club leaves Friday, May 19, and will return the following Sunday night. Means of transportation will be via truck.

Rams Edge Hawks By 11-0 Margin

Play Thru Today

Belle Glade's Golden Rams returned today to the Hawks in the afternoon. They'll invade Delray Beach in hopes of adding more points to their victory total of three, which now displays a bright "5-2" Lam record.

Two big linemen highlighted the Rams-Sawatch game Tuesday, but Belle Glade had the lion's half, and used it to skin the Hawks by a score of 11 to 0 at Memorial Field.

The Rams scored eight times in the first half, including three touchdowns by Tom Williams, coupled with a walk and a punt. Williams then followed Bobby Hooker in the seventh when Hooker nailed for six runs on two hits, four walks and an error.

212 001, 6-10 3 Rams 11 000 0-1 9 3 Gwynn and Hollingsworth; Farmer, Williams and Moody.

Damage To 2,250 Acres Due To Late Frosts Says Speer

Produce Rais Shipments Hit Top For Season

Total losses suffered by local growers due to late spring frosts amount to 2,250 acres of produce killed or damaged, according to H. L. Speer, assistant county agent.

Corn acreage damaged by recent frosts hasn't shown the upward price trend is encouraging, he stated.

Light frost of last Saturday burned tops of beans although beans were killed.

Rail car lot movement reached a peak with a record total of 250 cars shipped out this week against 223 the last two weeks.

Following are price trends of produce in vicinity Thursday: corn, \$3.50 to \$3.75 (average); beans, up to \$4 (average); sugar, \$3.25 to \$3.50; soybeans, \$3.25 to \$3.50; alfalfa, \$1.25 to \$1.50; hay, \$1.25 to \$1.50.

Rail car lot movements were: No. 100, 250; No. 200, 250; No. 300, 250; No. 400, 250; No. 500, 250; No. 600, 250; No. 700, 250; No. 800, 250; No. 900, 250; No. 1000, 250.

U Of F Students Tour Experiment Station Saturday

Approximately 40 students of the Black and Strickland, president of the University of Florida, made a short tour of the Everglades Experiment Station Saturday morning as part of a three-day field trip.

Pointing out breeding areas and experimental feed areas, R. W. Kidd, and D. W. Bess, chief of the station staff, guided the group and answered questions about the station's program.

The group traveled over 800 miles in the state and visited ranches. Belle Glade was included on the last day's schedule. The event was scheduled for this year and is an annual club activity.

Dr. R. S. Glascock, head of the animal husbandry department at the university, accompanied them. Howard Taylor, chief of the station, was in charge of trip organization.

Principal objective of the tour was to study the state pasture improvement program, broadened.

Legion Tops Quota In Member Drive

Everglades American Legion Post 20 is over the top in their membership drive, according to an announcement made at the regular meeting Tuesday night in the Legion Hall.

The post has achieved 127 percent of their 1949 membership and a hundred percent of the increase set for this year by department headquarters.

Officers were nominated to fill vacancies left by Charles Lamb who is moving from the community. The committee is headed by Charles Lamb, second vice president, and a year member or so American Legion Corporation and Edward P. Allen, member of the executive committee.

Tentative plans are being formed for a joint installation of legion and auxiliary posts of the area on May 11 at the Belle Glade Legion Hall.

Neighboring posts and local memberships will be notified when the installation program is official. W. C. Young, program chairman, announces that Jay Prihram, Ninth District Commander from West Palm Beach, will officiate.

Announcement was made that room 212 in Hotel Brickell will be Post 20 headquarters for the department convention scheduled to be held in Ft. Lauderdale.

Pepper Will Give Last Glades Talk Wednesday At 5

Senator Claude Pepper will make his last appearance in the Glades prior to the election in Belle Glade Wednesday at 5 in the evening at the City Hall.

Taking time from his usual tour, Senator Pepper will appear here following a talk at 2:30 in Lake Worth. He will speak in West Palm Beach at 4:30 in the evening.

Wednesday's schedule also includes addresses in Hollywood, Ft. Lauderdale, and Delray.

ROBERTS REVIEWS BOOK FOR PAMPHLET NEW CLUB

Emmett Roberts reviewed John T. Purnell's novel, "The Road Ahead" before a meeting of the Business and Professional Women's Club in Pahokee Tuesday night.

Tracing the movement of the Purnell Society in England, he showed its evolution into England's later party. The movement is similar to that in the United States, Roberts pointed out.

Preceding the program, a banquet was served by the women's club. The BFW Club.

Ladies-e-e-s-and Gentlemen-

Canipe Speaks To Rotarians Friday

Mrs. C. A. Canipe, Girl Scout District chairman, spoke at the regular luncheon meeting of the Rotary Club Friday in the Legion Hall.

Discussing the Girl Scout organization, she emphasized that workers are all voluntary with the exception of a few officials at the top. She also outlined benefits young girls receive from scouting.

James Baldwin, Rotary President, also was a representative of the District Conference held in Dayton Monday and Tuesday.

Slick Kirschman, chairman of the Rotary Foundation Committee, reported on recent collections. The Foundation sponsors a student exchange program.

Ben F. Sundy announces his candidacy for county commissioner subject to the May primary election.

Terminating himself an old country boy who wants the job badly, Sundy is a pioneer fertilizer dealer. He moved to Delray in 1935 with his family.

Sundy is a member of the First Baptist Church, Masons, treasurer of the Elks lodge and past president of the Kiwanis Club.

JUDGE FINDS SELF AND JOHNNY TATES SMILES

Big news of the coroner's inquest held to determine causes against Jasper Herman, Negro, who struck and killed a pedestrian with his car, was Johnny Tate's fine for contempt of court. Johnny was tardy.

His penalty, ten dollars, was set by Judge George Williams. But that wasn't all. He also had to pay a quarter overtime parking fine for I. W. Griffin.

Johnny, however, still smiles. He informed Judge Williams, one of his customers, that it wouldn't be long before he'd have it back including the quarter.

Experiment Station Studies Bring Information On Photosensitization

Photosensitization—cattle disease rising to the forefront in recent years with the Glades growing livestock industry—has received constant consideration and study at the Everglades Experiment Station.

Thorough experimental work of R. W. Kidd, D. W. Beardsley, and R. C. Erwin have shown that photosensitization is caused by the ingestion of certain plants and the action of sunlight on the blood.

Complete amount of the disease and its experimental reproduction was made at the Glades Experiment Station.

Preliminary studies point to animals' consumption of a combination of molasses and green grasses as cause of the condition. About the fourth week following a frozen, young grass pushed up through dead growth necessitating grazing of both.

BOY SCOUTS EXECS BEGIN MONEY DRIVE NEXT WEEK

Leaders from Scouting executive committees throughout the South Glades District are expected to gather here next Tuesday morning. Occasion will be a "read-off" breakfast signaling commencement of a drive during the next two or three weeks to get funds necessary for the operation of Scouting activities. Officers heading the South Glades District are expected to receive pay from funds built up through contributions of public-spirited citizens. Two leaders from the Glades are Tom Bregger, Chairman of South Glades District, Gulf Stream Council and Ed Lively, Finance Chairman for the district.

The drive in this district, held annually, seeks the financial support that maintains the Scout camp attended by troops from the Glades. One is Camp Osborne for white Scouts; the other for colored.

Bregger and Lively call attention of local citizens to the fact that two white troops, a colored troop and cub packs are active in Belle Glade. Scouts have benefitted in times past from trips to the camp mentioned and plan to do so in the future.

Officers spoke were given. Mrs. Ivan Van Horn, treasurer, reported a balance of \$250.00 club fund May 1.

President, Mrs. F. C. Dooley, announced the Board of Control of the Glades, according to Disaster Chairman Bill Young of the Red Cross, in effect to complete a plan of short wave radio communication to, from the regular stormy season.

Mr. Leonard H. Davis, in charge of the party, announced to the Director of the National Communications service of the Red Cross and to the local National Reserve Unit, organized at Camp Okeechobee, to complete a plan of short wave radio communication to, from the regular stormy season.

Bean City News

Mattie Jean Thompson, Reporter

Mrs. Ora D. Lee, our efficient principal, attended the Florida Teachers' Association this week-end in Miami. She reported a most wonderful session. Saturday morning the teachers were favored with an address from State Sup't. Public Instruction Honorable Thomas A. Bailey in which he enumerated many statistics of current information. The next meeting will convene in Tampa, Florida, next April.

Elder Mathis and family have returned to Tampa after the funeral services of Sister Eliza Anderson.

Mrs. James M. Trammell, the brother of Mrs. Lee is visiting here for several weeks in Bean City. Mr. Trammell is a notable member of Deland, Florida and is now recuperating from a recent illness. Friends are asked to call on him.

Mrs. Evelyn Mitchell of Rutter Elementary School was the guest of Mrs. Lee at the Association in Miami. Mrs. Lee enjoyed having her as a house guest.

The South Bay Baptist Church and the North Bay Baptist Church will meet with the Union Baptist Church the fourth Sunday of each month. These three churches are organizing a much needed mission to Home mission work in this area. Mrs. Ora D. Lee was appointed by the Union Baptist Church to head this mission group to do service for the Home mission work in this area.

Mrs. Lee, native in church and civic circles, accepted the duty and invited all friends of these churches to join in a program of service on the fourth Sunday at Bean City at three o'clock. Each church will have several numbers on program. The ladies if possible, are requested to wear white. The Morning Devotions are to be given in the program in service for the Master.

Pahoke Elementary School

School Enrollment and The Census

The census enrollment in the 1930 Census is reflected in a decade in which a World War interrupted the education of millions, and in which the post-war period brought about increased educational opportunities, and also a high registered birth rate. It is estimated that the Census of 1930 showed an enrollment of about 21 million for elementary schools, and approximately 10 million for high schools. The 1940 Census reported a school enrollment of 28,222,222, or 71 percent of the population between the ages of 5 and 18. School enrollment in the 1930 Census should really play an important part.

Don't forget the Minister Show April 24 and 25. This is a show you can't afford to miss. It's something new, it's something different. It's good.

Everglades Vocational High

On Monday, 8th grade B class was in charge of chapel. The devotional service was conducted by Bernice Mae McCoy. The girls program was very well presented. Chorus "Holloway" was "Dr. Quid." The time keepers were Allen Hamilton, Eddie Lee, Willie Williams, Eddie Lee, King rang the bell. The ushers were Doris Davis, Green, Ben, Quade Troupe and Benie Osborne. They ushered the conferees to the platform, and given the introduction, and then the program of the school. A current news sketch was given by the students. The girls sang the hymn "We are the lucky ones of the world."

The NBA and NPA will hold its annual banquet tonight. The banquet has been planned and directed by Dorothy Miller and Willie Mae White, along with their "Home Economics" instructor, Mrs. L. W. Childs.

Belle Glade Memorial Hospital

By Elizabeth Wright

Deputy Sheriff Glib Gynn and City Police investigated.

Witnesses said the unidentified man made all occupants of the bar stand against the wall at the point of a gun around 10:30 in the morning. When McCoy started for the door, the man shot him and fled.

Local Men Sentenced in County Court Last Monday

By Elizabeth Wright

James Slinkfield, Lake Harbor, 12 months in county jail on a charge of assault on Glib Gynn, Dec. 15, 1934. He also was given six months in jail for aggravated assault on his wife with a rubber hose, March 5, 1935. He was ordered served consecutively.

P.T.A. News

The P.T.A. meeting of Everglades Vocational High School was held Tuesday April 16, 1935, at 8:30 p.m. The devotion was by Mrs. A. L. Williams. The meeting was presided over by the president, Mrs. A. M. Morgan. Mrs. Morgan gave a few remarks concerning the progress of the new membership drive. We are extending an invitation to join our P.T.A. to all friends and parents. A drive for school fund-raising is being conducted by the P.T.A. of E.V.H. for worthy seniors who wish to enter college in the near future. Friends are asked to please aid in this drive.

The new parents who were invited to the meeting were Mrs. L. W. Childs, who was adjourned by everyone's reading the parting word.

New Bethel Baptist Church

By Elizabeth Wright

The New Bethel Sunday School met at usual hour with Sup't. Kendall and all teachers present. Short talk to the little ones by Mrs. Lillie Miller. Lesson reviewed by Dr. Oscar.

Sunday P.M., at 8 o'clock the city-wide union board met at New Bethel and held their meeting. Dr. Leroy Miller is president.

7:30 P.M. Service was called to order by Pastor for the day, Rev. Taylor. Prayer, service, singing, and reading of scriptures followed. Roman 8:1-26. Text found Exodus 14:12. Words read not stand still and see the salvation of the Lord. Every member received many thoughts from this sermon. Offering was given by Mrs. Rebecca Dasher.

Following is the news of happenings at the New Bethel Baptist Church for the past week. It had been held out unavailably.

However, on the 19th of April, the New Bethel Sunday School met at usual hour, with superintendent and all teachers present. Short talk to the little ones by Mrs. Lillie Miller to the children. Highlights were given by Mrs. Lillie Miller to the children. Highlights were given by Mrs. Lillie Miller to the children.

At 11:30 the Board of Christian Education met. The meeting was in order. Everybody is still striving to make heaven his home.

On Monday night, Rev. Porter and his congregation were at the First Baptist Church. All churches are working more co-operatively than ever before. People from far and near are coming to our services and we are very glad to see them. You are still invited to the New Bethel Baptist Church, any time, to worship.

Lucas McCray Killed in Bar Shooting Last Friday

By Elizabeth Wright

Lucas McCray, 35, was shot by an unidentified man in a bar last Friday and died.

Pepper Defends Liberal Policies

By Elizabeth Wright

Senator Claude Pepper pointed out this week to a home building boom and bright economic prospects "as definite proof of the liberal policies of Roosevelt democracy are bringing this nation the greatest prosperity it has ever known."

Pepper said official statistics show that more new homes were started in March than in any previous month in the nation's history.

"This great boom in home building and the other signs of national prosperity are a direct result of the liberal policies of the Roosevelt policies which I have steadfastly supported since I first went into the senate 14 years ago," he declared.

"The main principle of these policies is to keep the purchasing power of the people at high levels. I believe in the principle of the 'middle and lower rungs of the economic ladder' have the money to buy the things they need for themselves and their families."

Pepper said that where he had led the fight for the 15-cent minimum wage law, his opponent had voted to weaken it. He said that he had led the fight for the 15-cent minimum wage law, his opponent had voted to weaken it.

Pepper said that where he had led the fight for the 15-cent minimum wage law, his opponent had voted to weaken it. He said that he had led the fight for the 15-cent minimum wage law, his opponent had voted to weaken it.

It even
PROTECTS YOUR POCKETBOOK.

RAP your fast against those stout bumper stock they're made of... and you know you've got stout protection here.

But then figure: Here are stout bumper guards (not counting the two that hold the parking lights) on that's one extra item you needn't buy.

And each is individually replaceable—if damage should occur you have only a single part to replace, instead of a complete, cast-metal grille.

Then this stunning new design—frustrating front-end style note on the highways—protects your pocketbook as well as your car.

Avoid costly repair bills as it avoids "locking horns" with the car ahead. Cut upkeep in it cuts inches from the car's total length, thus making parking and garaging easier.

What you really have here is a four-way forefront. A design that sets the coming style note—avoids many a tangle with the car ahead—makes handling easier—and costs less to repair.

And note that parking-light lenses, made of plastic and set deep in recessed sockets, are well out of harm's way—even when pushing a stalled car.

You'll find this bold front end only on Buick—as you'll find Fireball power, Dynaflow Drive, Buick's wonderful ride, and many another headline value only on these beauties.

Why not see your dealer now for the whole story—including the happy story on prices to fit practically any budget?

FLORIDA POLITICS ARE

IN SATURDAY EVE POST

Representative Gen. Smith's chances of defeating Senator Claude Pepper in the coming primary are analyzed in the current (April 23) issue of the Saturday Evening Post. Ralph McGill, editor of the Atlanta Constitution, writing under the title "Can He Purple Senator Pepper?", says that political experts generally agree that Smithers has a "solid opportunity to weather the expert campaigning of the left wing, long-in-office Pepper."

Discussing the issues between the two, McGill lists the Taft-Hartley Law, social security expansion and the compulsory health-insurance bill. Labor has attacked Smithers for his vote for the Taft-Hartley Law, McGill points out, but Smithers has attacked Labor. "I voted against the original Hartley bill and I will vote to amend this one where needed. But we need a labor law," McGill continues. "Smithers' support of the Taft-Hartley Law was bolstered by the local coal strike and allowed him to say in the Senate that, when either labor or business becomes too big and too powerful, we obviously need legislation to curb either, pointing to the antitrust laws, to the Wagner Act and to the Taft-Hartley legislation, as illustrations."

McGill points out that Senator Pepper advocates continued expansion of social security and welfare programs, "despite Federal deficits." Pepper also supports the Townsend Plan and calls for a national sales tax to support it.

Smithers calls this appeal to elderly people a "crust deception." McGill reports, adding: "He insists that we must keep the money sound and not expand social security until we can pay for it, lest all pension and security blow out the window of inflation."

Vegetable Growers' Meeting A Success, County Agent Says

Many questions pertaining to

vegetable production were answered at a growers' forum meeting in the State Farmers' Market here recently, according to County Agent R. E. Layton.

Sixty growers attended the meeting and stood an examination on crop diseases and pests, asked questions about vegetable varieties, soil control, fertilization, and other problems, and obtained much helpful information on crop production in general.

A special feature of the meeting was a display of crop specimens attacked by root-knot, root-rot, die-back, white-blight, blight, mosaic, blight, and rot, fusarium wilt, and other diseases. Each attending grower examined the specimens and wrote down his opinion of the diseases or conditions affecting them, and his test sheet was checked with the correct answer. Prizes contributed by growers getting the highest number of correct answers.

After the examination the growers asked many questions about crops, and the answers were given by a panel which included Dr. F. S. Jamison, W. D. Higgins, Dr. W. K. Blaser and Robert A. Conover, all of the Florida Agricultural Experiment Station, Dr. D. M. Wilson, Director of State Market Service, Dr. Jamison, Extension Station vegetable horticulturist, presided. Arrangements for the meeting were made by County Agents Layton and R. E. Pryor and District Agent Frank S. Perry of the Extension Service.

Fla. Veg Market High In Spite Of Varied Weather

In spite of varied and most unusual weather changes during the past six or eight weeks, Florida spring vegetables continue to move in heavy volume to the Nations consuming markets. Frost and cold winds caused some loss, but generally the damage was light and market reports are showing steady increases in volume. William Wilson, Director of State Market Service, reported in his weekly review of market conditions today:

"Marketing of strawberries through the State-State Farmers' Market should reach substantial volume this week, according to Manager R. B. Alvarez. Demand the past week was good and is expected to grow highly satisfactory.

The spring tomato movement on the Fort Pierce market is expected to reach 100,000 bushels during the current week, according to Manager R. B. Alvarez. The demand for cucumbers remains good on this market with prices expected to move this week with 3,000 to 3,500 bushels of fine quality California Wonder Pepper available toward the end of the week.

The bean movement over the Pompano market is practically over, Manager J. L. Warren reports, though a heavy movement of pepper, squash and eggplant continues. Lima bean volume has practically doubled with more than 10,000 bushels offered during the past week. Most items were off in volume with prices under the previous week. Sweet corn, okra and tomato volume showed an increase. Other items offered were flat pepper, okra and field peas. A total of 115,000 packages moved out of this market during the past week.

"According to Manager Frank E. Connor, the Wausau Market area has suffered the worst growing season ever. The drought has continued from early Fall until late March, then the cold and high cold winds, the growers have endured untold hardships. In spite of this, however, they are pinning their faith in the young cucumber fields and hope for a fall season. Cucumber volume last week exceeded 2,000 bushels, a sharp contrast to the 10,000 bushels handled during the same period last year. Prices, however, are higher. \$2.25 bushel, with the high reaching \$3.50. Cold did very little harm to the cucumbers of which a good crop is anticipated, and the excellent quality appears to be the best produced there in years. Other commodities increasing in volume are pepper, eggplant, beans, and two varieties of squash. A total of 3,223 packages the past week brought growers \$24,545.48.

"The Spring deal on the Florida City Market is on the way out, Manager C. S. Phillips reports the auction and inspection services discontinued this week, though light volume of tomatoes, beans, and squash will continue for a few weeks. Approximately 30,000 bushels of tomatoes during the last 5-day auction brought growers in excess of \$120,000. Tomatoes averaged \$4.03 per bushel with a high of \$7.50. "Volume continues increasing on the Plant City Market, Manager R. E. Johnson advises. 17,440 packages moved last week at a gross revenue of \$87,149.53. Making up this total were three varieties of beans, Green corn, cucumbers, okra, two varieties of peas, squash, pepper, potatoes and tomatoes. Pepper and squash lead in volume while okra lead in price, averaging \$10.40. Fancy cucumbers averaged \$8.30 and Pole beans, \$5.50.

"Manager Sandy Anderson reports good demand and satisfactory prices on all commodities except cabbage and celery. In excess of 78,000 units moved over last market the first week in April at a valuation of \$123,113.80. Frost damage in the immediate Sanford area appears negligible though disastrous frosts occurred in some areas in neighboring counties. Individual point toward heavy volume of all vegetables and fruit this week with locally grown beans, squash, peppers and corn increasing in volume.

"W. V. Meekins, Manager of Palmato Market anticipates 1,000 to 1,500 bushels of tomatoes this week and a light supply of Pole beans and pepper. Volume in this area has been unusually slow increasing due to weather conditions. Prices on some commodities appear satisfactory with No. 1 tomatoes averaging \$13.12, high \$7.10, Pole beans \$5.30 and fancy squash \$8.50. Other items making up the 1,877 packages sold during the past week at a gross of \$7,815.81 were proper eggplant and bush beans. All of these items will be available, some very small lots, during the current week.

"Bell Bliss potatoes, celery and sweet corn are anticipated by Manager T. S. Kirk on the Palmetto Market this week.

RENEVOLENT (Continued from Page 1)

Everglades Home Loan Association. Combined, these two funds were enough to finish the present haul and save the apartments below, besides having some left over to provide an extension of the loan.

To justify their belief that the home-range plan would work, the association for the Renevo-

lents with these groups which are now enjoying use of the meeting hall: Carpenters Local 102 on second and fourth Mondays, the Rainbow Girls on first and third Mondays, Free and Accepted Masons on second and fourth Tuesdays, Belle Rebeck Lodge on first and third Thursdays, Alcoholics Anonymous every Wednesday, Odd Fellows on second and fourth Thursdays, Order of Eastern Star on first and third Thursdays, leaving only Saturdays, Sundays and fifth week nights open.

Among the gentlemen originally responsible for the plan were H. Ray Whitlock, N. T. Rielson, Halger Lyngholm, Hans Robe, Lloyd Asper and R. M. Browne. The Association now contains 15 members. Meetings are held only once a year, following the Carpenters meeting on the fourth Friday in May. A board of governors' session is called each quarter. Five officers make it up at present, three of which were elected on their meeting hall. They are: President—Lyngholm, Asper and Browne. The others are R. C. White and C. M. Baker. The Renevolets just recently celebrated the clearing of the mortgage held for three years on their meeting hall. They ceremoniously set fire to the papers following a buffet luncheon last month.

With help from H. A. Cameron, whose family moved into one of the apartments prior to completion of the building, and from the Masons and O.E.S., who furnished the Lodge Room, the Association members finally realized their goal.

Insurance must be modern, too!

Suppose you want to see the new models and the salesman usher you over to a bright and shiny contraption, glittering with brass, chrome lights and informed you that it actually had four cylinders. Would you be interested?

Insurance policies, like the automobiles they protect, have kept pace of the times. Back of the same old establishment company names, modernized protection has come forward to meet modern hazards, not only covering automobiles but in every requirement of property and personal need.

When you get in touch with us for any kind of insurance protection you may be sure that it will be as up-to-date as tomorrow's newspaper.
